# **People's Postcode Lottery** Annual Report 2021

Our ambition is to build a fairer, greener world.

Players help bring new exhibitions to museums and galleries.

Seven Morecambe neighbours won £30,000 each in November.

Street League gives young people the skills they need to thrive.

We work hard to surprise our winners and work with charities to make the world a better place.

# Directors' welcome

Clara Govier, Managing Director and Chair

Lorna Menzies, Managing Director and Head of Television

Rob Letham, Managing Director and Head of Finance

#### Players of People's Postcode Lottery have been raising funds and awareness for charities and good causes of all shapes and sizes for 16 years now.

Going far beyond fundraising, People's Postcode Lottery is a partner to these organisations. It is this long-lasting partnership approach, and flexible funding model, which supports charities to grow their reach, drive innovation and continue to deliver inspiring results and solutions for people and planet.

More than £361 million was shared with our winners and good causes in 2021.

It is only thanks to the generosity of our players that a total of  $\pm 173$  million was raised – an increase of over  $\pm 18$  million on last year.

Despite a year of setbacks, restrictions and challenges for many, we have been anything but downcast. 2021 was a year of strong growth for People's Postcode Lottery, full of incredible achievements, uplifting wins and inspiring stories.

The effects of the pandemic have been widely felt, and have brought the true value of good causes and the impact of their work on lives and communities into sharp focus.

During a year when flexible funding was even more crucial to good causes and those most in need, we are pleased to report that £31 million in extra funding was awarded to 61 charities. This additional funding is a result of 2020's increased charity lottery sales limit which we – along with so many charity leaders and parliamentarians – called for and backed.

The benefits resulting from these important reforms are game changing. Administration, bureaucracy and operation costs are down, and the funds and percentage going to good causes are up.

We cannot stress enough the positive impact these changes and the vital funds they unlocked have already had. It is an incredible result, although there is always room to do even more.

Our continued success matters. It means we can keep helping thousands of organisations so they, in turn, can help individuals and communities, and create transformational change.

From campaigning for sexual harassment to be made a criminal offence, to ending child hunger in the UK, and impactful wildlife projects to restore habitats - all these significant strides towards a fairer, greener world give our work and our mission purpose.

As ever, everything achieved and delivered over this period is down to the millions of people who play People's Postcode Lottery, the charities whose work they support and, of course, the hard work of our team. Together we can and do make a difference.

"Despite a year of setbacks, restrictions and challenges, we have been anything but downcast. 2021 was a year of strong growth for People's Postcode Lottery."

Marcus Rashford MBE, 2021's Postcode Hero. The England international footballer presented a cheque for £250,000, raised by players, to the Trussell Trust and FareShare.

Working with WaterAid, actor and activist Mevis uses drama to teach communities about the importance of hygiene.

#### £31 12% £15 million Double £361 more million the in additional million raised for funding funding for raised each shared with good causes charities month by for smaller, by players winners and thanks to players by the local causes good causes in 2021 end of 2021 charity lottery vs 2020 reform

# Part of something bigger

There are now Postcode Lotteries in five countries, working together for a single shared goal: to help make the world a better place.

It is this goal that has driven the Postcode Lotteries for over three decades.

#### Novamedia/Postcode Lottery Group

In 1989, Novamedia created the world's first Postcode Lottery in the Netherlands, with an ambitious mission: to raise funds to create a fairer, greener, more sustainable world.

Its lotteries are in the Netherlands, Sweden, Britain, Germany and Norway, with around 13 million players in total. Together, these players have raised €11.7 billion for charities around the world.

Novamedia and its Postcode Lotteries has ranked in the world's top three private charity donors for over a decade. In 2020/21 it was again named third largest in the world, after the Bill and Melinda Gates Foundation and the Wellcome Trust, and second largest in Europe\*.

\*Independent charity index published in City A.M. Giving, December 2021

# CEO's message

As an organisation and a team, we have much to be proud of when we look back over the past year. Under challenging circumstances, we have stayed true to our passionate, innovative culture and our ambition to help make the world a better place.

It is in such extraordinary times that funding from the Postcode Lotteries can continue to make an impact where it is needed most and for action to be taken.

A total of €825 million was raised for good causes in 2021 thanks to the 13 million loyal players of the Postcode Lotteries. A record high and, in true Postcode Lottery style, one we have the ambition of breaking in the year ahead.

Sigrid van Aken, CEO, Novamedia/Postcode Lottery Group

## How it works

Players of People's Postcode Lottery play with their postcode and pay £10 a month per subscription to be entered into 20 monthly draws. Winning postcodes are announced every day of the month.

The funds raised are awarded to charities and good causes by one of 20 independent, grant-giving Postcode Trusts.

With 33% of the ticket price going to charity, our players know they are helping amazing causes every day.

Nine Portishead neighbours won £30,000 each in November.

"I think it's such a brilliant concept, everyone can give a little bit and hopefully win something lovely and it's helping charities up and down the country. It's a wonderful thing to do."

Rachel, £756,150 winner She won £378,075 for each ticket played with "Never in my wildest dreams could I think I would win anything like that. It's not just us that has won, everybody else has got a slice of the cake as well, so it's really nice."

Marion, £342,375 winner

## TICKET PRICE

# 16 years of impact

People's Postcode Lottery launched in 2005. Since then, millions of players all across Britain have raised over £800 million for thousands of charities and good causes.

# 2021 snapshot

## Much more than a knock at the door

The Ramblers help people enjoy walking in green spaces and on Britain's hundreds of thousands of miles of well-loved paths, tracks and trails.

Kinship provides financial, legal, practical and emotional support and advice to grandparents, siblings and other relatives and friends who help raise children when their parents are not able to.

Players of People's Postcode Lottery help make good things happen in their communities and around the world. Every ticket sold means essential funding for a range of good causes.

By the final quarter of 2021, our players were raising £15 million every month for charities.

Thanks to the continued support of players, the amount going to good causes in the past 12 months grew by £18 million to £173 million. This funding supported ambitious, impactful activities tackling some of the greatest challenges facing society.

#### Girls driving change

A £1.5 million, two-and-a-half-year long project from the World Association of Girl Guides and Girl Scouts (WAGGGS) and Save the Children UK empowered girls in Uganda and Jordan to plan and lead solutions to end gender-based violence in their homes and communities. The project funded 70 girl-led initiatives and involved 2,500 girls.

Funds awarded from Postcode Global Trust.

#### Walrus counting from space

A WWF-UK project, with the British Antarctic Survey, sought out volunteers to count walruses using satellite images. The project aims to discover how climate change will impact walruses – the marine mammals rely heavily on sea-ice, which has been in sharp retreat. Citizen scientists around the world have already counted more than 600,000 images.

Funds awarded directly as part of the Postcode Climate Challenge.

#### **Getting PPE to frontline workers**

£100,000 for health charity Kids Operating Room helped ship 25 million PPE items, including masks, goggles and visors, to help protect frontline healthcare workers against Covid in three African countries so they can treat patients safely.

Funds awarded from Postcode Innovation Trust.

#### UK's first ever bison ranger recruits

The UK's first-ever bison rangers were appointed to look after the herd at Wilder Blean, a pioneering rewilding mission led by Kent Wildlife Trust. Two rangers were selected from over 1,000 applicants from around the world, as part of the £1.5 million rewilding project using bison to help restore degraded woodland ecosystems and lost species.

Funds awarded from Postcode Innovation Trust.

"I've always wanted to see our ecosystems and habitats in the healthiest possible conditions. The concept of bison, these ecological engineers coming back, is captivating and an exciting first that could start a domino effect when it comes to ecosystems like the Blean."

Tom Gibbs Bison ranger, Wilder Blean project

Thousands answered the call to search for walruses in satellite images to improve understanding of how the walrus will be affected by the climate crisis.

A shipment of vital personal protective equipment means healthcare workers in Zambia can treat and care for patients more safely.

Donovan Wright, left, and Tom Gibbs, right, are the UK's first ever bison rangers, playing a key role in the £1.5 million Wilder Blean project.

#### **Creating experiences for all**

Scotland's first design museum, the V&A Dundee, works to bring design into the lives of everyone. Funding helped run sensory-friendly days for major new exhibitions, providing a safe, relaxing environment for people with sensory needs, including autism, sensory processing differences, or profound and multiple learning disabilities.

Funds awarded from Postcode Culture Trust.

#### **Caught on camera**

In Guinea, three endangered forest elephant calves were captured on Fauna & Flora International (FFI) camera traps, marking a major boost for this critically endangered species. Players are helping to protect the forest corridors necessary for the survival of the forest elephant, only recently assessed as a separate species to the African savannah elephant.

Funds awarded from Postcode Green Trust.

Close to £150 million has gone to 2,500 charities working to address environmental and climate-related issues in the past five years, thanks to players.

"The climate and nature emergencies facing us are inextricably linked. By working together, we can protect vital forests like Ziama in Guinea, and the communities and wildlife that depend on them... and so ultimately fight these two global emergencies."

Laura Chow Head of Charities, People's Postcode Lottery

Sensory-friendly days give visitors with a range of complex needs the chance to experience the museum in a totally different way.

Images like these are a real cause for celebration and suggest the forest elephant population is growing as forest habitat is better protected.

#### **Green-minded grandparents**

In a recent survey, 91% of British grandparents told us they are concerned about the impacts of climate change and how it is going to affect future generations. This level of concern is equal to that of their younger millennial and generation Z counterparts.

Our research also revealed that 81% of grandparents believe the climate emergency should be treated as an urgent problem that needs to be resolved, compared with 79% of 16 to 34-year-olds.

The survey is part of a report called From Attitudes to Action: Environmental concerns and behaviours in Britain. Commissioned by People's Postcode Lottery in partnership with Friends of the Earth and The Wildlife Trusts, conducted by Survation and designed by Diffley Partnership.

"Becoming a grandparent shouldn't mean fearing for the future of your grandchildren, but I do. I worry they'll be the first of many generations forced to adapt to a broken and hostile world."

Jacky Doran Gran and climate activist

#### Postcode Climate Challenge

The 12 charities<sup>\*</sup> making up the £24 million Postcode Climate Challenge delivered some amazing results in 2021.

\*12 supported charities: African Parks, Canal & River Trust, ClientEarth, Ellen MacArthur Foundation, Fauna & Flora International, Friends of the Earth, Greenpeace, Ramblers, WaterAid, The Wildlife Trusts, Woodland Trust and WWF-UK.

#### Helping nature blossom in cities

Dozens of blossoming trees will be planted in towns and cities across the country to improve access to nature for all. This National Trust project will create a UK equivalent of Japan's famous Hanami, the traditional custom of enjoying the beauty of blossom trees.

It has twin ambitions: to support the trust's planting of 20 million trees by 2030 to tackle climate change, and to create new homes for nature and increase green space access which is vital for physical and mental wellbeing.

Communities will have more access to nature through the creation of green spaces and blossom tree circles.

Players are helping the **Thomson Reuters Foundation** shine a light on slavery, uncover LGBT+ stories and expand its hard-hitting coverage

With players' support, **Care International** is working to reduce poverty and gender inequality around the world

The Zoological Society of London has been able to make significant gains in conservation, science and education in 2021, thanks to players **BookAid International** reached 71 schools in Malawi with 24,000 books to establish school libraries to help transform the education of thousands of pupils

# We are doing more

The charity lottery reforms which came into force in July 2020 increased the annual sales limit from  $\pm 10$  million to  $\pm 50$  million, and the per-draw sales limit from  $\pm 4$  million to  $\pm 5$  million.

The positive ripple effects are already being felt throughout the sector. Most importantly, the new sales limits are unlocking additional vital funding for charities, meaning they can do even more to improve people's lives and communities.

A People's Postcode Lottery report showed that in 2021, the changes resulted in an extra £31 million in one-off funding awards for 61 charities. Funds going to smaller, local good causes more than doubled to £17 million.

The 1% increase in percentage of ticket sales (from 32% to 33%) made possible by reforms will result in around £5 million extra in funds per year, based on current sales levels.

Street League received £800,000 in 2021 alone. Funds awarded through Postcode Active Trust.

"Youth unemployment is at a record high, the Covid pandemic has deepened poverty and young people in deprived communities face heightened disadvantage. Thanks to our experience and proven impact, we can make a tangible difference to thousands of young people. The charity lottery limit being raised further will help us – like many charities – to respond to the tidal wave of need caused by the pandemic."

Dougie Stevenson Managing Director, Street League

John Whittingdale MP, formerly Minister of State for Media and Data in the Department for Digital, Culture, Media and Sport (DCMS) with responsibility for lotteries and gambling.

"I'd like to thank the players, the charities and all those involved in People's Postcode Lottery for all that you do which is making such an important difference to communities across Britain."

John Whittingdale MP Lottery Minister 2020-21

**76% INCREASE IN FUNDING** for Partnership Programmes in 2021

# The home of big wins

Every day, neighbours in postcodes across England, Scotland and Wales celebrate a win with People's Postcode Lottery.

Over 3.4 million players won in 2021 and shared a total of nearly £189 million in prizes between them.

Prizes usually range from £10 to £30,000, right up to a share of the monthly £3 million Postcode Millions prize.

2021's prize plan had £30,000 to be won by a postcode every day across nine months of the year. It also boasted larger monthly Postcode Millions prizes of up to £8 million.

December had the greatest single monthly prize pot on record with over £25 million in prizes. In addition, our non-cash prizes offered winners a range of bestselling books and home gadgets.

While the pandemic might have stopped the People's Postcode Lottery ambassadors from knocking on quite as many doors and ringing as many bells as they would have liked, the good news still made it to all our winners.

Where restrictions allowed, ambassador visits with our winners were carried out safely and responsibly.

411 winners shared a £7.3 million prize in October.

In November, six players won £210,000 between them.

Two ticket winner Gary Summers, top middle, won with his neighbours.

In August, Gary Summers got a knock on his door and won £60,000.

"It was the most amazing moment of my life. It's absolutely life changing, words can't describe how amazing it actually is."

Postcode Millions prize winner, Rachel won a total of £756, 150. She won £378,075 for each ticket played with.

Rachel won over three quarters of a million pounds in July's Postcode Millions.

"Never in a million years did I think this would happen – it's incredible. We would love to island hop around Hawaii, that's always been a pipe dream, but we can do that now!"

## Our winners

Meet some of our Postcode Lottery people who celebrated a win.

#### **Community hero, Kathleen Scott**

Kathleen, a grandmother and retired factory worker, won £140,909 in August. Named a hero by her local community, Kathleen spent the pandemic sewing scrubs for NHS staff and food shopping for vulnerable people. Kathleen ensured others shared in her good fortune, pledging to buy a defibrillator for her local Post Office.

Covid community hero Kathleen and husband Alan.

#### Big winner, Hannah Leggat

The biggest winner of 2021 and one of the biggest ever in Postcode Lottery history was Hannah Leggat, a care home manager from Cardiff. She won nearly £1 million in November after tripling her winnings to £930,000 by playing with three tickets. The "life-changing" win for Hannah and husband Matt followed a difficult year with the couple both losing a parent. The money meant Hannah could provide a headstone for her mother and support a pancreatic cancer charity with a donation.

Hannah is one of the biggest ever winners with People's Postcode Lottery, winning £930,000 in total. She won £310,000 for each ticket played with.

The couple dream of a second IVF baby after £30,000 win.

#### IVF joy, Ellie and Cameron Hinton

£30,000 winners Ellie and Cameron met while working together delivering babies eight years ago. Going through their own fertility journey, they welcomed daughter Harriet in early 2021 following a successful round of IVF. The win means the couple now have enough money for further treatment and can explore their dream of giving Harriet a little brother or sister by trying for a second IVF baby.

## Our team

#### People's Postcode Lottery's core values

Selling more tickets to help raise even more funds for good causes is what we do, and our culture and team are how we do this. We are led by four core values.

Fun Sharing Courageous Sustainable

Team Day 2021 was an opportunity for the team to come together and celebrate all that had been achieved.

Our team deliver good news to winners up and down the country.

#### **Staying connected**

Our sense of team and belonging is strong and despite the challenges thrown up by the pandemic, we have stayed connected to each other and our mission.

The health and wellbeing of those who make People's Postcode Lottery what it is has always a been a priority. Over the past few years, it has become an even greater one for us. New and ongoing activities and initiatives have helped support and meet our team's needs so they could continue their work which makes a difference to charities, people's lives and communities in Britain and beyond.

Together we make a difference.

121 courses were delivered through Lottery Academy, our in-house training programme

17 new managers completed our manager training programme

We are committed to personal development and career growth.

#### Growing our team

We are big believers in supporting people to reach their full potential. We invest up to 4% of salaries in training and development opportunities to stretch and grow team members, whatever the stage of their career.

For Learning at Work Week in May, team members took part in a programme of learning sessions and knowledge sharing activities which covered everything from sustainability to lifesaving skills.

#### **Diversity and inclusion**

People are at the heart of what we do.

Whether it's our team, our players, or the thousands of good causes supported, our aim is to play our part in creating a fairer, more equal world.

We are open to ideas and are committed to creating a culture that is inclusive, representative and celebrates diversity in everyone.

But we are not perfect. We will always strive to do better – that's just who we are.

#### **EDI Champions**

Equality, diversity and inclusion is all of our responsibility at People's Postcode Lottery.

In 2021, we established a team to support our actions towards creating a more inclusive and diverse People's Postcode Lottery. Made up of team members from every area of the business, our EDI Champions group helps drive our commitments and journey to embed equality, diversity and inclusion in everything we do.

# Doing business sustainably

We care about how we operate. Good Operations is our commitment to doing so in a sustainable and responsible way.

#### **Customer-focused campaigning**

Our customers are our players. We aim to engage them in our mission – we show them the incredible things achieved by charities and good causes around the world and thank them for their support.

#### **Funding for resilience**

A unique model of unrestricted, flexible, long-term funding gives our supported charities breathing space to build capacity and resilience and focus on growing their services.

#### **Operating with integrity**

We strive to do the right thing and be the best we can possibly be. We are committed to integrity and transparency across all areas of business. Our conduct is built around industry best practice. We go above and beyond to protect personal data and ensure safe play.

#### A great place to work and meet

Our people are our greatest strength. We create a safe and inspiring workplace where they can be their best. We focus on their well-being and invest in their development. We aim to maintain a thriving, equal and respectful environment, guided by our values and shaped by our team.

#### **Relationships built on trust and transparency**

Our relationships with funded charities, our team and our suppliers are built on trust – and a code of conduct based on transparency and fairness. We work closely with our partners to analyse and better understand our areas of impact.

More on sustainability postcodelottery.info/about-us/sustainability

#### **Healthy play**

Charity lotteries are recognised as low risk, differentiating People's Postcode Lottery from other gambling products. Responsibility is central to the way we work, with integrity underpinning everything we do. We fully stand by our license commitments to protect younger and potentially vulnerable players. That is why in July 2021, we voluntarily increased the minimum age to play People's Postcode Lottery from, the legally possible, 16 years old to 18 years old.

#### Lower emissions, increased efficiency

The move to online and video meetings has translated into lasting change for the People's Postcode Lottery public affairs team and an important area of its work with politicians.

All MP-hosted Constituency Funding Workshops, which provide local charities with funding application know-how, will remain online. By going virtual, the team has cut travel, reduced associated emissions, boosted efficiency and increased overall attendance, meaning even more local good causes can find out how funds raised by players can make a difference to them and the communities they serve.

Britain-wide funding workshops support hundreds of local organisations and community groups in applying for funding. A permanent move to online workshops has reduced emissions and increased efficiency.

## Governance

#### Regulation

Novamedia established Postcode Lottery Limited in Britain. People's Postcode Lottery is incorporated in England and Wales.

People's Postcode Lottery has a duty to ensure it is crime-free, fair and open and protects children and vulnerable people.

All draws use a random number generator which has been certified by a Gambling Commission approved testing organisation, and are supervised by an independent adjudicator.

Although lotteries are recognised as low risk for problem gambling, People's Postcode Lottery is committed to protecting the millions of people who play. It adheres to the Postcode Lotteries-wide code of conduct on responsible play.

People's Postcode Lottery takes the management and protection of players' data and personal information seriously. It is ISO27001 accredited, which recognises the highest security standards, and was among the first companies in the UK to be awarded the data protection standard BS10012.

#### Licensing

People's Postcode Lottery, the trading name of Postcode Lottery Ltd, is licensed and regulated by the Gambling Commission, the regulatory body for Gambling in Britain. Licence numbers 000-000829-N-102511 and 000-000829-R-102513.

We are proud to be part of an international family of Postcode Lotteries, which operate in Britain, the Netherlands, Sweden, Germany and Norway.

The instantly recognisable Postcode Lottery format, on which success depends, is owned by Novamedia.

Novamedia charges a licence fee for the use of its intellectual property related to the Postcode Lottery format.

The fee is mainly used to finance and set up new Postcode Lotteries and for the continued development of Novamedia's formats.
