

People's Postcode Lottery Annual Report 2022

Proud to have raised over £1 billion for charities and good causes since 2005.

COVER: The December Postcode Millions saw over 700 players in Goring-by-Sea win a share of our largest ever prize – an amazing £16.9 million.

Contents Page from top to bottom: 1. In May, 435 residents in Rhymney, South Wales, scooped a share of a £3.7 million Postcode Millions prize. One in ten people in the town were winners! 2. On a high in the Hebrides! We travel the length and breadth of Britain to surprise lucky winners with golden envelopes and cheques. 3. In June, 19 neighbours in Orrell, Greater Manchester, celebrated a £630,000 windfall between them – making People's Postcode Lottery history with our largest ever Street Prize.

Our players raise funds for charities including the Ellen MacArthur Cancer Trust, which helps young people rebuild their confidence after cancer.

"Receiving funding from People's Postcode Lottery has been a gamechanger in enabling us to reach and have a positive impact on the lives of many hundreds of young people over the past decade."

Dame Ellen MacArthur, founder of the Ellen MacArthur Cancer Trust

Managing Directors' welcome

Clara Govier,
Managing Director

On Wednesday 1 November 2022, we officially hit a major milestone in our history – a massive £1 billion in total raised for good causes since 2005.

The journey had taken us 17 years. Our entire team celebrated, of course, and we shared the incredible news with our 4.2 million players, our trustees and the 13,000 charities and good causes we support.

This was a proud achievement for everyone connected to People's Postcode Lottery. A landmark moment was reached thanks to the daily hard work, passion, commitment and innovation of our talented team, the partnerships and networks built around our funded charities ... and of course, the enthusiasm and loyalty of millions of players around Britain.

Then, just weeks later, our year ended on a high as we celebrated our largest-ever prize of £16.9 million with the help of our new ambassador Jason Donovan.

What a leap from reaching our first £1 million raised in 2008 to hitting the £1 billion mark in 2022. The impact has been undeniable. As this report shows our uniquely unrestricted, flexible funding model and our partnership approach are transforming lives and creating lasting impact across Britain and around the world, every day.

But we always want to do more. We will continue to evolve and challenge ourselves to grow. We aim to deliver the next £1 billion target quicker, for the benefit of people, communities and the planet.

“What a leap from reaching our first £1 million raised in 2008 to hitting the £1 billion mark in 2022. The impact has been undeniable.”

With society facing multiple challenges including the spiralling cost of living, ongoing global conflict and the twin climate and biodiversity crises, it is imperative that we do much, much more to support the efforts of charities and good causes. To that end, we are on a mission to futureproof charity lottery fundraising.

In the autumn of 2022, we stepped up our campaign for a significant overhaul of UK charity lottery legislation. Following the long-awaited 2020 reforms, which saw annual sales limit increase to £50 million, we are now calling for the removal of annual sales limits for charity lotteries.

After all, charity lotteries such as ours are the only type of charity fundraising to face this restriction. Removing the cap will supercharge funding for good causes large and small, at no cost to the public purse.

As well as overwhelming third sector backing, there is huge cross-party support for the removal of the red tape. So in the coming year, we will aim for a rapid outcome, because we know the restricted limit is impacting on people's lives.

Looking to the future, we can promise two things - we will work hard, and we will work together for positive change.

Lorna Menzies,
Managing Director

Rob Letham,
Managing Director

Celebrating our £1 billion milestone was a proud achievement for the team.

2022 Postcode Hero

Our 2022 Postcode Hero is Gareth Thomas, former Welsh international rugby star turned HIV campaigner. He was the first openly gay professional rugby player and has worked tirelessly to end the stigma around HIV. During the annual Charity Gala in May, Gareth accepted £250,000 on behalf of Terrence Higgins Trust, the UK's leading HIV and sexual health charity.

This year's highlights

In January 2023, David Pullan and Ian Cafferky were appointed as Managing Directors, and Rob Letham assumed the role of Finance Director.

Postcode Lottery Group

The first Postcode Lottery launched in 1989 in the Netherlands, created by Novamedia/Postcode Lottery Group with an ambitious mission: to help build a fairer, greener world by raising funds for charities and good causes.

At the heart of the Postcode Lottery format is the unique concept of neighbours playing and winning together, while charities and good causes win too.

There are now Postcode Lotteries in five countries: the Netherlands, Sweden, Great Britain, Germany and Norway, with over 13.9 million subscriptions in total. Together, these players have raised €12.6 billion for charities around the globe. Novamedia/Postcode Lottery Group is one of the world's largest private charity donors.

A record total of €854 million for charities

For over three decades, the Postcode Lotteries have played a leading role in creating a fairer, more equal and environmentally sustainable world.

We do this with the continued support of millions of loyal players in five countries. Together we are making a long-lasting positive social impact, transforming people's lives, and improving neighbourhoods and communities everywhere.

Our purpose is stronger than ever. A record total of €854 million was raised for charities in 2022 by our players in the Netherlands, Sweden, Great Britain, Germany and Norway. This means €2.3 million was raised every single day last year.

We are guided by people and a shared mission. Every day we meet exceptional people and charities with ideals, goals and dreams. These charities, and civil society as a whole, are a force for transformation, a force for good in what is currently a world full of immense problems for so many people and our planet.

By fully embracing our entrepreneurial and innovative spirit, we can continue to build on our strengths, raise even more funding for charities and make many more Postcode Lottery winners.

Imme Rog, CMO, Michiel Verboven, COO, and Sigrid van Aken, CEO
Executive Board, Postcode Lottery Group.

How it works

People's Postcode Lottery is a subscription lottery and has guaranteed winners every day. Anyone aged over 18 in England, Scotland and Wales can sign up and play with their postcode, alongside their neighbours.

Every month there are 20 draws, and winning postcodes are announced every day of the month.

A minimum of 33% of the ticket price goes to charity, so our players know they are helping to transform lives and shape a better world every day.

Funds raised are awarded to charities and good causes by one of 20 independent, grant-giving Postcode Trusts. The funding is usually long-term, unrestricted and flexible, reflecting a relationship based on trust and a partnership approach.

Neighbours in Stanmore, North London, were thrilled to bag a Street Prize in January, with police dispatcher Tak-Kwong Liu (centre) scooping £60,000 with two tickets.

"You see the adverts on TV ... you want to believe it. You wait for the day and today's the day. It's nice to win on your own, but it's nicer to win with your neighbours. I love this community and I love my neighbours here, we're very close."

Depaul UK supports young people experiencing homelessness, or at risk of it. It also works to prevent homelessness by giving young people tools for the future.

"This is our tenth year of being supported by players of People's Postcode Lottery, and every day their support continues to change the lives of young people affected by homelessness. So again, on behalf of everyone at Depaul UK, we take this opportunity to say thank you!"

Sarah Williams, Director of Philanthropy and Partnerships at Depaul UK

Nearly two decades of impact

People's Postcode Lottery began in 2005 as a small pilot project in the north-east of England. Today, over two-thirds of British postcodes play, and millions of players have raised over £1 billion for thousands of charities and good causes in Great Britain and around the world.

"Your players have raised over £1 billion, that is just amazing. You said you were committed to supporting charities with unrestricted revenues, supporting charities to share and learn from each other. You've kept those promises and done that in abundance."

Dame Laura Lee, Chief Executive at Maggie's, a charity providing free cancer support in centres across the UK.

2022 at a glance

- Over **£1BILLION** since 2005
- Over **13,000** charities and good causes supported
- Nearly **4,100** local community projects funded in 2022 (10% more than in 2021)
- Over **£20 million** to community projects around Britain
- Biggest ever prize of **£16.9 million**
- £183 million** raised for charity in 2022 (£10 million more than 2021)
- 8.7 million** winners in 2022
- 4.3 million** players by end 2022 (3.5% more than end 2021)

Much more than a knock at the door

Dad of one Rowan cares for his mother who has Parkinson's. Carefree provides vital breaks for unpaid carers like him.

Charlotte, who lives with autism, mild cerebral palsy and bipolar disorder, was scared of the ocean until her mum signed her up for surf therapy lessons. She is now a competitive para-surfer.

Thanks to People's Postcode Lottery players, a massive £183 million was raised for charities in 2022 – £10 million more than in 2021.

From a local project providing peer support for children with Down's Syndrome and their families, to a major global initiative helping women in conflict zones rebuild their lives, the funds raised by players of People's Postcode Lottery are transforming lives and creating lasting impact around the world, every day.

Over £20 million was awarded to more than 4,000 community projects around Britain – an increase of 10% from 2021. This local funding is proving vital in supporting people and communities in postcodes across the country.

Giving carers room to relax

Carefree is using empty hotel rooms to provide much-needed short breaks for unpaid carers. Its ground-breaking platform allows hotels to donate unsold bed nights to carers, just like Rowan, who could do with a breather. Thousands of carers have already self-referred to enjoy free short breaks.

A combination of grant and loan funding awarded from Postcode Innovation Trust.

The sea and me

Marine Conservation Society explores the deeply personal connection volunteers like Charlotte have with the sea. With the help of funding raised by our players, it is fighting for a better protected, healthier ocean that we can all enjoy.

Funds awarded from Postcode Planet Trust.

Boost for music making

More children and young people have opportunities to learn and earn in the music industry after national charity Youth Music launched its Recharge Fund to support around 40 projects across the country.

Funds awarded from Postcode Culture Trust.

Bison are back in Britain

In July, three female bison were released at Wilder Blean near Canterbury, Kent, with a bull arriving in December. The reintroduction, part of a rewilding project by Kent Wildlife Trust and the Wildwood Trust, will see these natural ecosystem engineers shape a more diverse woodland habitat and manage the landscape in a more natural way. The surprise birth of a calf in the autumn bodes well for the new herd!

Dream Fund awarded from Postcode Innovation Trust.

Rebuilding lives after conflict

Women for Women International's Stronger Women, Stronger Nations programme helps women across eight post-conflict countries understand their own rights, earn an income and connect with each other. Thanks to player funding, the programme is reaching thousands of marginalised women in countries including Afghanistan, Iraq, Nigeria, Rwanda, South Sudan and the Democratic Republic of Congo.

Funds awarded from Postcode Justice Trust.

Jack Drum Arts in County Durham is benefiting from Youth Music's Recharge Fund. Image: Scenicview Gallery & Studio.

In September, Wilder Blean welcomed an unexpected arrival – the first wild bison calf to be born in Britain since the Ice Age.

Support from Women for Women International has empowered these members of the Isangano farming co-operative in Rwanda to earn an income. Image: Serrah Galos.

Rare new arrival

Maya is one of three snow leopard cubs born at the Royal Zoological Society of Scotland (RZSS) Highland Wildlife Park. Her name, that of Buddha's mother, was chosen by players of People's Postcode Lottery. Player support allows RZSS to help conserve vulnerable species like the snow leopard.

Funds awarded from Postcode Planet Trust.

Maya was born at the RZSS Highland Wildlife Park in early summer 2022.

Derelict viaduct becomes a greenspace

In summer 2022, Manchester's Grade II-listed Castlefield Viaduct, abandoned since 1969, was transformed into a brand new 'sky park' offering a green haven for the city's residents. The project, led by the National Trust along with local partners, saw more than 3,000 plants, shrubs and trees planted in just five months.

Funds awarded from Postcode Earth Trust.

Manchester's previously derelict Castlefield Viaduct has been given a new lease of life and transformed into an urban park. Image: National Trust Images/Annapurna Mellor.

Taking action on plastic

Every year, around 14 million pieces of plastic rubbish end up in and around Britain's canals and rivers. Canal and River Trust's Plastics Challenge encourages people to get involved with litter picking around their local waterway.

Funds awarded as part of the Postcode Climate Challenge.

Small actions can make a big difference. Canal and River Trust is encouraging people to fight back against plastic becoming part of our nature.

Six-year-old Alfie has a new best friend in his buddy dog Cooper, provided by Guide Dogs UK. Alfie's sight condition, septo-optic nerve hypoplasia, means he can find it difficult to settle, but his family has noticed a real improvement since Cooper arrived. Thanks to player funding awarded from Postcode Animal Trust, Guide Dogs is helping to boost the wellbeing of up to 150 sight-impaired children with a buddy dog.

"Alfie is calmer ... it's had a real impact on the whole family." Alfie's mum Tamara

Maggie's in West London has been a lifeline for Alice, who went into early menopause following breast cancer treatment. In 2022, players raised £3 million for Maggie's.

"The menopause was almost as hard as the cancer. There was no end in sight – I wanted to be out of my body. I had a mastectomy, and my ovaries and ovarian tubes removed. People say things like, 'Oh, that's such a shame, you're so young'. They were trying to be kind, but it does make you consider your circumstance more. Not having a partner or a job, no longer the choice to have children made me feel unmoored. But I could talk to people in Maggie's about this. Realise that life itself is the gift."

Funds awarded from Postcode Care Trust.

Scientists voyaged to the Antarctic Peninsula with Greenpeace. Here they carried out ground-breaking research on the effects of climate change on remote penguin colonies, many of which have never before been surveyed.

Funds awarded from Postcode Earth Trust.

Alfie has a new best friend in his buddy dog Cooper.

A £400,000 grant to landmine clearance charity The Halo Trust means men and women across northwest Syria are making their communities safe again by clearing landmines and explosives. Funds awarded from Postcode Global Trust.

What dreams are made of

Three pioneering collaborative initiatives shared this year's £3.75 million Dream Fund, as the Fund celebrated in its tenth funding round since its launch in 2011. The three winners each received £1.25 million to make their dream project a reality.

Dream Fund winners Duchenne UK and partners will be developing the SMART suit, restoring arm function for people living with progressive muscular dystrophy conditions.

The SMART Suit will use cutting-edge technology to restore arm function for young people with Duchenne muscular dystrophy. It's a partnership from Duchenne UK, Spinal Muscular Atrophy UK and the Inclusionaries Lab at University of Liverpool.

Nature Positive Food Challenge by Ellen MacArthur Foundation and Sustainable Food Trust aims to reshape the food industry to tackle climate change and biodiversity loss.

Space4Nature will use satellite imagery to assess land and wildlife habitats so it can target conservation work and restore wildlife. It's a collaboration between Surrey Wildlife Trust, Painshill Park Trust, University of Surrey and Buglife.

Dream Funds awarded from Postcode Innovation Trust.

"Dream Fund offers an unrivalled opportunity for charities and organisations to work together to deliver an original, high impact, innovative project. These projects are all very different, but they are each aspirational in their solutions to deliver change to the critical issues affecting our communities."

Laura Chow, Head of Charities, People's Postcode Lottery

Six years of Magic Little Grants

In 2017, People's Postcode Lottery launched its partnership with Localgiving to provide mini grants of £500 to small, local charities and community groups across Britain. Over six years, this funding has expanded more than tenfold – from £100,000 in grants going to 205 groups in 2017, to £1.3 million being awarded to 2,650 groups in 2022. *

* Funds awarded from People's Postcode Trust, Postcode Community Trust, Postcode Local Trust, Postcode Neighbourhood Trust, Postcode Places Trust and Postcode Society Trust.

from 2017 to 2022

Our report, *Limitless Potential*, highlights that charities are losing out on millions of pounds due to legal limits on charity lottery fundraising. From left to right: Clara Govier, Managing Director of People's Postcode Lottery, Tracey Crouch MP, and Dame Laura Lee, Chief Executive of Maggie's.

Lifting the cap on fundraising potential

In autumn 2022, People's Postcode Lottery stepped up its campaign for further reforms to the UK's restrictive charity lottery legislation, with a call to scrap annual sales limits altogether.

Long-awaited changes to charity lottery legislation saw annual sales limits raised from £10 million to £50 million in 2020. However, this increased limit remains restrictive, as shown in the new report *Limitless Potential – the case for lifting the cap on charity lottery fundraising*, published by our public affairs team in September 2022.

The report demonstrates how three Postcode Trusts each lost out on around £1 million of potential income in 2022, with 31 funded charities already impacted. It warns that more Postcode Trusts – and more funded charities – will be affected in future.

The campaign calls on the UK Government to remove annual sales limits altogether, thereby unleashing the full fundraising potential of charity lotteries. Continued reform will allow the thriving charity lotteries sector to deliver even more funding for the vital work of charities. All at no cost to the public purse.

"Now is the time for the UK Government to press on with its reforms of charity lottery legislation. We urgently call for the annual sales limit to be scrapped altogether, or at the very least raised to £100 million, as the Government previously pledged."

Clara Govier
Managing Director

"People's Postcode Lottery changes lives for the better – for players, charities and service users. Upping or completely removing charity lottery limits would be an effective, impactful way to increase the funds flowing to charities at a critical time of need. It would be a quick win for Government, for charities and society. My question to Government is: why wouldn't you?"

Rachel Kirby-Rider
Chief Executive, Young Lives vs Cancer

In November, neighbours in Beccles, Suffolk celebrated together when they won a share of £3.2 million.

December Postcode Millions winners in Goring-by-Sea.

December Postcode Millions winner Stacey Rivers.

Celebrating on Britain's streets

Across England, Scotland and Wales, neighbours play together and celebrate wins every day. Prizes usually range from £10 to £30,000, right up to a substantial share of the monthly Postcode Millions.

This year, over 8.7 million Postcode Lottery players celebrated a win, sharing a total of over £220 million in prizes between them.

Ambassadors were knocking on doors and ringing bells to bring excitement and surprises to streets around Britain.

In July, 15 neighbours in East Riding could not believe their luck when their postcode delivered a win for the second time in three years. Kilham neighbour Elizabeth Kennedy and her husband Stuart were surprised with a £100,000 win in their 40th wedding anniversary year.

"I can't believe this has happened again! We won £4,254 in 2019 and kept playing because we liked supporting the charities, but we never thought we'd win again ... Lightning really can strike twice!"

Our biggest Millions ever

This year's December Postcode Millions saw our largest prize yet – a huge £16.9 million – land in Goring-by-Sea, West Sussex. With over 700 residents winning it means one in ten people in the town celebrated a win, and 12 people took home £379,062 each. Their win was broadcast on national television as part of a partnership with ITV.

Among the ecstatic winners was Stacey Rivers, single mum to seven-year-old twin sons, one of whom has leukaemia.

"My son has got a year and a half of treatment and then I've promised them both we'll go on a huge trip of a lifetime. This is going to help a lot."

Elizabeth Kennedy and her husband Stuart.

In March, Georgia Hooley's TikTok celebrations set the internet alight with over a million views. Lucky Georgia, one of five neighbours in Wessington, Derbyshire to win, landed a cool £60,000 thanks to playing with two tickets.

When livestock farmer Bob Atkinson and wife Margaret had a knock on their door in Padiham, Lancashire, in March, they were lost for words. But Bob soon revealed he'd spend his win on buying grass fertiliser for his 100 acres of farmland, which had risen steeply in price.

Postcode Millions landed in the Lanarkshire town of Wishaw in February, with 620 neighbours sharing the £7.9 million prize pot. Six were lucky enough to take home cheques for £368,461. One of them, Jean Moffat, said:

"I'm over the moon, absolutely over the moon. I'm going to help as many people as I can with it."

Over 100 neighbours in Seaton, Aberdeen, took home a share of £3.2 million in October's Postcode Millions. Among them was 83-year-old Alexander Hardingham, who won over £730,000 with two tickets.

"I can't believe it... this feels like a fairy tale, just like the movies."

When 26-year-old student Gokulnathan Senthilnathan Shanathi bagged a £13,996 share of Aberdeen's Postcode Millions win in October, he was thrilled with the extra financial boost to get him through his MBA at the University of Aberdeen. He also pledged to buy gifts for his mum and brother, who have been supportive of his studies.

When pensioners Denise Bell and Alan Shaw received news of their win in June, they vowed to tie the knot in Las Vegas... 29 years after getting engaged! The couple from Arnold, Nottinghamshire, won £90,000 between them.

When self-employed tradesman Darren Coates of Bedlington, Northumberland, heard of his Street Prize win in February, he and his wife Judith happened to be in Edinburgh. So, they popped into People's Postcode Lottery HQ to meet the team and collect the cheque.

Street Prize winner Jasbinder Sohal and his wife Meenah were bowled over when the team knocked on their door in Reading, Berkshire, in July.

Ambassadors

We say G'day! to Jason Donovan

In September, the former Neighbours actor and pop star became People's Postcode Lottery's newest ambassador. Jason's training to prepare for his role included a set of gruelling challenges devised by fellow ambassador Jeff Brazier and shared with the nation in a series of entertaining TV adverts.

From left to right: Matt Johnson, Judie McCourt, Jason Donovan, Jeff Brazier and Danyl Johnson.

Fun is one of our core values. Team Day 2022 was a perfect opportunity for everyone to come together and celebrate our achievements.

Fun Sharing Courageous Sustainable

We are led by these four core values - fun, sharing, courageous, sustainable. We are a team driven by a social mission to make the world a better place for people and planet. We do this by selling tickets and raising vital funds for charities and good causes in Britain and beyond.

Always striving to improve

We are committed to creating a working culture that is inclusive, representative and celebrates diversity in everyone. But we are not perfect. We will always strive to do better – that is just who we are and what we do.

In 2022, we introduced unconscious bias training for every People's Postcode Lottery team member for

the first time. Acknowledging our unconscious biases and increasing awareness means we can help create equal opportunities for all.

Dementia inclusive training was offered as standard for every member of our customer experience team. With a greater understanding of the issues faced by people living with dementia, our team are better able to communicate with and support them.

Healthy competition

An energising movement challenge got us off the sofa in February. With one in four team members taking part, they racked up an impressive 15,037 kilometres across 3,617 different activities.

Putting our people first

Our team's wellbeing matters. In the dark winter months of January and February, team members were able to take an additional break every day – this initiative was the equivalent to two extra days off.

"This is really helpful and once again shows People's Postcode Lottery puts the teams' wellbeing at the heart of what it does. Thank you!" - Stefan Pearson, retention manager

"This makes a huge difference – so far I've taken two longer lunches to walk and soak up the little bit of sun we had last week." - Andrew Main, software developer

We have also expanded our Edinburgh headquarters to provide an enhanced working environment. The additional space provides extra meeting rooms, a television studio, a new café area, and gym facilities.

Learning at Work Week

We demonstrated our commitment to promoting lifelong learning by offering Learning at Work week in May. Team members were encouraged to share their skills, and a range of sessions – from pet first aid to sign language – were available.

A bake sale by the team raised money for Young Lives vs Cancer and the Ellen MacArthur Cancer Trust.

We are committed to personal development and career growth.

Fundraising from the team:

The issues that matter to our team matter to us too. In 2022, we match-funded a number of individual fundraising efforts across the team.

Customer experience team manager Siobhan Fergusson, who lives with endometriosis, summited Mount Kilimanjaro in August, raising money for Endometriosis UK. Our donation of £3,000 took her fundraising total to over £6,500.

To mark Childhood Cancer Awareness Month, team members donned their aprons and raised £584 with a bake sale for Young Lives vs Cancer and the Ellen MacArthur Cancer Trust. With match funding, the total was £1,168.

Daniel Warren from our TV team jumped on his bike for player-supported charity British Red Cross' Ride for Tomorrow initiative. With match funding from us, £968 went to help people in crisis situations.

Team generosity continued up until the end of the year. During our now annual Giving Tree drive, over 20 bags of clothing and food supplies were collected and donated to two nearby food banks.

52% female **48% male**

102 different training programmes completed through Lottery Academy, our in-house training facility

386 team members

57 new team members joined us in 2022

Up to 4% of salaries invested in training and development opportunities for the team

58 external training courses completed, supporting our team's personal goals and development

14 team members celebrated a 10-year work anniversary

Courses on financial wellbeing, including how to plan for your future, offered for the first time

Doing business sustainably

We care about building a sustainable future – both for people and for the planet.

Good Operations is our commitment to operating in a sustainable and responsible way.

Customer-focused campaigning

Our customers are our players. We aim to engage them in our mission – we show them the incredible things achieved by charities and good causes around the world and thank them for their support.

Funding for resilience

Our unique model of unrestricted, flexible, long-term funding gives our supported charities breathing space to build capacity and resilience and focus on growing their services.

Operating with integrity

We strive to do the right thing and be the best we can possibly be. We are committed to integrity and transparency across all areas of our business. Our conduct is built around industry best practice. We go above and beyond to protect personal data and ensure safe play.

A great place to work and meet

Our people are our greatest strength. We create a safe and inspiring workplace where they can be their best. We focus on their wellbeing and invest in their development. We aim to maintain a thriving, equal and respectful environment, guided by our values and shaped by our team.

Relationships built on trust and transparency

Our relationships with funded charities, our team and our suppliers are built on trust – and a code of conduct based on transparency and fairness. We work closely with our partners to analyse and better understand our areas of impact.

More on sustainability:

postcodelottery.info/about-us/sustainability

Making everyone feel welcome

We are continually improving the accessibility and inclusivity of our products and spaces to make them more welcoming for people of all abilities, whether they are players, partners, or team members.

Our expert team is working to ensure that all our digital products meet international digital accessibility standards, to make them more user-friendly for those with dyslexia, for example.

At our Edinburgh headquarters, visitors and team members with hearing aids are now better catered for, with hearing loops installed in the board room, café space and new seminar facilities.

And this year we were named a Visibly Better Employer by the Royal National Institute of Blind People, recognising the support we provide to colleagues affected by sight loss, and our commitment to include those with sight loss in recruitment.

Committed to EDI

This year, we continued to build on our commitment to equality, diversity and inclusion (EDI):

- We have EDI Champions among our team members in every part of the business
- We monitor progress on diversity by collecting data for existing staff and applicants
- Unconscious bias training for all our team members was introduced this year

Throughout 2022 the team celebrated diversity with a number of events, including Pride Month and Black History Month.

Reducing carbon emissions

In 2022, we continued to work towards our goal of halving our carbon emissions by 2025 (from a baseline year of 2018):

- Carbon budgeting was introduced across all departments, linking the main drivers of CO2 emissions with budgets or usage data. This means emissions are now considered during procurement
- Changes to the air conditioning system at our head office have made it more energy efficient, and the roll-out of LED lighting continued in 2022
- We partnered with data centres that use renewable energy for cloud data services
- A carbon neutral printer was introduced for our printed marketing materials

The team get GOing

In October, GO Week saw a series of events in our office exploring aspects of our Good Operations ethos. It featured talks by charity partners including WaterAid and The Trussell Trust.

A highlight was a fashion show called Sashay for the Planet, with team members taking to the catwalk in stylish pre-loved clothing. It was delivered with charity partner the Ellen MacArthur Foundation, which is pioneering the transition to a circular economy.

The team made carbon reduction pledges as part of GO Week.

How we are reducing single-use plastic

E-gift cards instead of plastic gift cards for prizes in kind

Reusable water bottles made from recycled plastic as prizes in kind

Compostable packaging for onsite catering at our HQ

Certified responsible gaming

In August, Novamedia/Postcode Lottery Group achieved European Lotteries Responsible Gaming Certification, which recognises the highest standards of player protection and safety.

The group has been a European Lotteries member since 2021, and all members are required to meet a broad set of responsible gaming standards. These include how operators meet advertising regulations, minimise any potential harm on society, how they contribute to broadening and deepening scientific insights about the possible risks of some games of chance and much more.

Governance

Regulation

Novamedia/Postcode Lottery Group established Postcode Lottery Limited in Britain. People's Postcode Lottery is incorporated in England and Wales.

People's Postcode Lottery has a duty to ensure it is crime-free, fair and open and protects children and vulnerable people.

All draws use a random number generator which has been certified by a Gambling Commission approved testing organisation and are supervised by an independent adjudicator.

Although lotteries are recognised as low risk for problem gambling, People's Postcode Lottery is committed to protecting the millions of people who play. It adheres to the Postcode Lotteries-wide code of conduct on responsible play.

People's Postcode Lottery takes the management and protection of players' data and personal information seriously. It is ISO27001 accredited, which recognises the highest security standards.

Licensing

People's Postcode Lottery, a trading name of Postcode Lottery Ltd, is licensed and regulated by the Gambling Commission, the regulatory body for Gambling in Britain, under account number 829.

We are proud to be part of the Postcode Lottery Group, which operates in Britain, the Netherlands, Sweden, Germany and Norway. The instantly recognisable Postcode Lottery format is owned by Novamedia/Postcode Lottery Group.

Novamedia/Postcode Lottery Group charges a licence fee for the use of its intellectual property related to the Postcode Lottery format.

The fee is used to finance and set up new Postcode Lotteries and for the continued development of Novamedia/Postcode Lottery Group's formats.
